Loveland Ready Mix in Larimer and Weld county provided by Air Pollution Control Division

Out of eleven AIRS IDs for Loveland Ready Mix that appear in APCD records, only one had an enforcement case against it. Following is a list of them with current status:

013-111 = permanently closed with no enforcement activity history.

013-0346 = permanently closed with no enforcement activity history.

069-0085 = an enforcement case (2001-032) for failing to file an APEN & obtain a construction permit.

069-0383 = permanently closed with no enforcement activity history.

069-0430 = last inspected 8/28/2014 by LR County and in compliance.

123-0566 = permanently closed with no enforcement activity history.

123-1329 = last inspected by Weld County on 2/24/2016 and in compliance.

123-6172 = permanently closed - last inspected 1/22/2011 in violation for not self-certifying - no enforcement case.

777-1824 = permanently closed with no enforcement activity history.

777-2007 = permanently closed with previous violation of failing to re-permit portable source as a stationary source; inspection on 10/31/2008 - no enforcement case.

777-2008 = last inspected on 10/31/2008 and in compliance (also APEN & permit exempt)

If you have any questions, please let me know.

As of January 1, 2014, the Colorado Air Pollution Control Division no longer accepts blank or incomplete APENs. Additional fees may apply if an APEN is submitted without the necessary information. An application with missing information may result in longer processing times. Please note that all APEN submissions should be completed
